Extracurricular programme of active citizenship

DRUŠTVO LOJTRA

LOCAL PRIMARY SCHOOL
GRADEČ

The project deals with active citizenship in primary schools. It puts young people from school desks as creators of activities in the local environment.

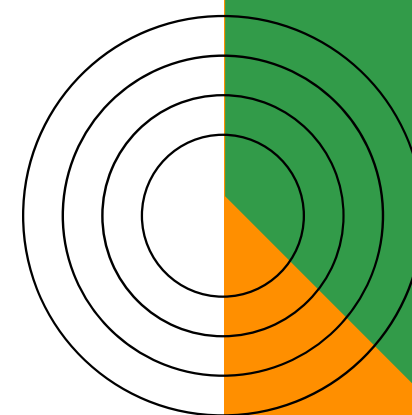

European solidarity corps - solidarity projects

A Solidarity Project is an activity that a young person can carry out in a group of *five people or more* to help to bring positive change to the local community. It is set up and implemented by young people themselves in a place where they live.

The project can last from 2 to 12 months.

500€ per month for support of the project and these are costs that are linked to the management and implementation of the project. Also the costs linked to the involvement of a coach are covered in the project if needed.

Young people can apply themselves or an organization can apply in their behalf.

1. FEBRUAR - 31. DECEMBER 2019

Care for cobeings, care for earth and fair share

With the implementation of the project Care for Events, Care for the Earth, Fair Distribution, we wanted to achieve a broader awareness in the local community of the global challenges of which we are all a part and activation for change. As part of the project, we processed and organized actions in the Community Garden, weekends in nature, street actions and accompanying activities.

1. AVUGUST 2020 - 31. JULIJ 2021

Care for tomorrow starts today!

The project aims to bring individuals and groups who live sustainably and are an inspiration for the development of a self-sufficient, sustainable and connected community that successfully responds to global challenges to the community spaces in Kobler's House and to the #CommunityGarden. During the project, we want to identify many additional individuals in the community who are educating about change and present their stories. With the help of the project, we will also arrange corners in and outside Kobler's house, where the #LIST project operates, which is implemented jointly by the Lojtra Association, Kliše Klub and Knof.

Migration as a reality of the future

1. MAY 2019 - 29. FEBRUARY 2020

With the implementation of the project, we have established a safe space for dialogue with migrants, applicants and refugees. With this, we addressed a wide range of topics related to migration, and above all, we tried to reduce the stigma associated with migrants, applicants and refugees. In 6 local environments, through 10 events, we provided space for intercultural dialogue, education, building an inclusive society and strengthening understanding, which is a prerequisite for successful integration.

Ključ do solidarnosti 2020

Program Evropska solidarnostna enota med mladimi spodbuja medsebojno sodelovanje in jim ponuja prostor za učenje in razvijanje kompetenc. Ključni element programa predstavlja solidarnost v najširšem pomenu.

V projektu Skrb za sobitja, za zemljo in pravična razdelitev so se ukvarjali s temo solidarnosti do okolja. Organizatorji so zelo dobro med seboj povezali različne akterje v lokalnem okolju, s projektom pa spodbujali medgeneracijsko sodelovanje in spodbujali razmislek o skrbi za okolje in trajnostnem razvoju preko številnih in raznolikih aktivnosti.

Za najboljši projekt na področju solidarnosti v programih Evropska solidarnostna enota in Erasmus+ v letih 2019/2020 podeljujemo

organizaciji: DRUŠTVO LOJTRA, DRUŠTVO ZA OSEBNI IN POKLICNI RAZVOJ MLADIH,

za projekt: SKRB ZA SOBITJA, ZA ZEMLJO IN PRAVIČNA RAZDELITEV,

ki je potekal: 1. 2. 2019 - 31. 12. 2019.
